

GIVING BACK

My contribution to support the Diné College Alumni Association.

The purpose of the Alumni Association is to advance the general interests of the College and its alumni; to distinguish the College as a Tribal College of excellence nationally and internationally; and to promote the participation of alumni in the College's affairs. With that, we would like to encourage all graduates of Diné College and Navajo Community College to participate in the Alumni Association's capacity building efforts by becoming an annual donor.
