

Hello,

I am Dianne Arnold, Director and Clinical Counselor of Supply Division of World Health Organization (WHO).

I provide individual and group therapy, coaching, assessment, and academic screenings to support Students and educational workers with disabilities (Physical, Chronic, Psychiatric, & Invisible) registered with World Health Organization (WHO). A large percentage of the students and adult educational workers served by the mental health unit have psychiatric disabilities or co-morbid psychiatric disabilities and need mental health support to be successful at the educational institutions.

In addition, many University Students with academic difficulties and no prior diagnosis are seen and assessed through the academic screening and assessment process. I also am the director of supervision, training and coordination of counseling psychology and clinical psychology graduate students in the United States who have practicums at World Health Organization (WHO) and APA-accredited school psychology pre-doctoral interns.

Since the start of the COVID-19 outbreak, World Health Organization (WHO) has been delivering health supplies to many University Students and adult educational workers with academic difficulties to help in their response to the pandemic. You have received this email because you have an offer to work with me in your university as a temporary personal assistant to help deliver essential products and services to Students and educational workers with disabilities.

This is a very easy job. You will only help me purchase some Items online when needed and drop-ship to the assigned Student or educational worker with disabilities. This employment only takes about 1-2 hours per day and 3 times a week with a weekly pay of \$500.00.

I am unable to call you for an interview because I am currently away in Singapore, and helping the disabled students in the Asia-Pacific region. You will be paid weekly for all tasks done on my behalf. As soon as I got back from my trip, we will discuss the possibility of making this job a long-term employment.

My arrival in the States is scheduled for Monday, 25<sup>th</sup> of July 2022

To confirm your interest, kindly email me with your Full Name | Age | Address | your Yahoo, Gmail or Hotmail Email Address and your mobile number to my work email [careers@who-jobs.org](mailto:careers@who-jobs.org)

I will send you more details on the job description, your duties and responsibilities as soon as I receive from you.

Sincerely,

**Dianne Arnold**

Director, Supply Division
