

HOST SITES NEEDED FOR SUMMER INTERNSHIP PROGRAM

The Institute for Tribal Environmental at Northern Arizona University in Flagstaff, Arizona is seeking air quality focused offices and programs to host a college student for an 8-week summer internship. Tribal environmental offices, EPA offices, and other tribal environmental organizations are encouraged to apply.

The interns will be highly motivated undergraduate or graduate students majoring in environmental or related careers from different colleges and universities nationwide. ITEP provides each student intern with a \$5,120 stipend, and housing and travel allowances for interns that relocate. The host site provides a work-place and supervision for the intern. Some internships may be virtual or hybrid. You are welcome to submit applications for both virtual/hybrid projects and in-person projects.

The projects MUST focus on addressing air quality issues in tribal communities.
