Good morning,

We are excited to announce that applications are open for the Association of American Indian Physicians Pre-Admissions Workshop. Please forward this email and flyer to any students you think might be interested:

The purpose of the Four Corners Alliance-AAIP Pre-Admission Workshop is to increase the number of highly qualified American Indian and Alaska Native medical school applicants. The goal of our program is to share an overview of the pathway to medical school and mentor you so that you can become knowledgeable about the application process as well as the financial and campus resources that are available to help you prepare for medical school. We are looking forward to your interest in our program as a premedical student.

How to Apply

Applications will be reviewed once complete, and all supporting documents must be submitted by the application deadline, November 22, 2024. Incomplete applications or those submitted after the deadline will not be considered.
