

Development of the Co-Curricular Assessment Cycle:

This cycle aligns with Sa'ah Naagháí Bik'eh Hózhóón Diné educational principles that are adorned/guided by the prayers and songs of the six sacred mountains. Each step develops critical thinking, planning, implementation, reflection, commitment, and accountability. It provides a structured process for staff to create programs that support student learning.

Step-by-Step Co-Curricular Assessment Process

Co-Curricular programs are responsible for completing an annual assessment covering activities from August to May. This step-by-step process ensures consistent assessment of student learning and helps program supervisors and directors monitor effectiveness and make yearly improvements. Co-curricular assessment report, data collection and assessment materials will be stored and archived on Microsoft 365 SharePoint.

1. In June, staff create/revise their co-curricular program assessment plan for the upcoming year.

- Week 1 of June: Staff will attend Assessment Orientation to review the co-curricular assessment cycle. This will help staff begin revising their reports.
- Complete Section 1
 - Mission Statement for Student Affairs Domain
 - Select Dine' College Strategic Goal(s) the program aims to achieve.
 - Determine if the program is funded by a grant and identify the specific goals that must be achieved under that funding.
 - Review the program's annual budget to ensure resources are allocated effectively to support the mission and goals.
 - Identify the population the program intends to serve to ensure the goals and budget align with their needs.
 - Indicate centralized location to store and archive data and assessment materials.
- Complete Section 2a and 2b: Revise or create new program student learning outcomes (PSLOs); adding or removing necessary PSLOs and/or intervention strategies.
 - Review the Program Needs Assessment results to identify and assess gaps between the program's current PSLO(s).
 - Review and take into consideration feedback provided on the program evaluation (completed co-curricular assessment rubric).
 - Review Dine' College Data Reflection Report and student demographics (this report is provided from OIPR).

- Intervention Alignment: Identify and select specific types of service interventions (workshops, advising, peer mentoring, learning communities etc.) that will be implemented to support and achieve the intended PSLO(s).

2. In July, staff will submit their co-curricular assessment report for review and approval.

- Week 2 of July: Staff will attend part 2 of the Assessment Orientation to learn various methods for creating assessment material and tools to measure student learning for the new report.
- After developing or revising PSLO(s) the team will schedule a meeting with their supervisor to review and finalize section 1-2 of the co-curricular assessment report (see Appendix F).
- The Supervisor will submit the final report to the Program Director.
- Program Director will review and submit approved program assessment report to the Student Affairs Program Analyst and Vice President of Student Affairs. This review should be completed at least two weeks before the fall semester begins each year.
- The Vice President of Student Affairs and Student Affairs Program Analyst conducts a preliminary review of completed co-curricular assessment report using a review rubric (see Appendix G). Feedback is then provided to programs on the clarity with which they completed their program assessment report. This is intentional to cultivate a supportive environment for assessment and encourage staff.

3. Conduct program implementation and data collection from August through May.

- Staff will engage with students, deliver program activities.
- Collect qualitative and/or quantitative data for the fall and spring semesters.
- Staff will track progress through monthly reports to document how PSLO(s) are monitored.
- Co-Curricular Assessment Professional Development: Staff will have an opportunity to attend assessment workshops each month to develop skills to interpret data effectively and make informed decisions that strengthen a program.

4. At the end of each semester, programs will review data and report trends to guide decisions and program improvements.

- Fall Co-Curricular Assessment Day: Mid-year data analysis for program-related decisions.
- Spring Co-Curricular Assessment Day: Programs will complete sections 3-6 on co-curricular assessment report for their selected PSLO(s).
- Co-Curricular Assessment Report Due Date: The final report must be submitted by 5:00 p.m. on the last Monday of May. Reports will be uploaded to the MS SharePoint

Assessment Site for evaluation. If a report is not submitted, the Internal Evaluators for the Co-Curricular Committee and TRIO Committee will mark the program as incomplete.

- **Summer Co-Curricular Assessment:** Refer to the Freshman Institute Report for further information, including specific assessment methods and detailed findings. Student Affairs domains will collaborate as a team to assess first-time freshman student learning outcomes as part of a summer project.

5. Improvement Plan: The last week on May, Internal Evaluators for Co-Curricular Committee (IECC) and TRIO Committee will use a co-curricular assessment rubric to evaluate the program and provide strategic recommendations for program improvement.

6. Program Improvement: In June, the Director and Supervisor will oversee implementing program improvements based on the committee’s evaluation of the co-curricular assessment rubric. They will also develop a plan to monitor the effectiveness of these changes.

Roles and Responsibilities in Co-Curricular Assessment

Co-Curricular Assessment is an institution-wide endeavor that involves students, student affairs staff, administrators, and staff stakeholders. The role of each and the timeline for their contributions is detailed in the table below.

Definitions in Co-Curricular Assessment

- **Co-Curricular:** Learning activities, programs and experiences that reinforce the Din4 learning principles of Sa'2h Naagh17 Bik'eh H0zh00n and complement the academic curriculum. They are not graded, do not provide academic credit, and often occur outside class hours.

- **Co-Curricular Assessment Report (CCAR)** is a document that evaluates a program's effectiveness, outlining its mission, purpose and key contributors.
- **Student Affair Domain (SA):** Departments at Dine' College that offer co-curricular programs to support student learning. The current domains include: Student Enrollment and Student Access (SESA), Student Retention and Student Success (SRSS), Student Engagement and Student Leadership (SEAL), Shiprock Student Affairs and Dine' College Microsites.
- **Mission Statement** guides decision-making and helps communicate the organization's direction to stakeholders, employees, and the public.
- **Sa'2h Naagh17 Bik'eh H0zh00n (SNBH) Principles** are used as a framework to create programs and educate students. The principles are as follows: Critical Thinking, Planning, Implementation, Reflection, Commitment and Accountability.
- **Fiscal Year (FY)** is a 12-month period used for budgeting and program reporting. The CCAR's fiscal year runs from August to July.
- **Program Needs Assessment** is used to identify the needs of a program. The data provides insights for planning, resource allocation and decision-making to improve effectiveness and address unmet needs or gaps.
- **Program Student Learning Outcomes (PSLO)** is a statement that specify what students will know, be able to do or be able to demonstrate when they have participated in a program.
- **Measurement Methods** are tools used to collect and evaluate data to see if goals have been met. They can include; surveys, tests, observations, interviews, etc.
- **Indirect Measurement Methods** collect information about how students feel about their learning experiences. These methods focus on students' reflections regarding their learning experience.
 - **Examples:** surveys and questionnaires assessing satisfaction or learning, focus groups, interviews, evaluations and feedback.
- **Direct Measurement Methods** require student to actively demonstrate learning through performance such as; exams, quizzes, research papers, essays, portfolios, etc.
- **Data** is information collected and analyzed to provide a program insight, support decision-making and conclusions.
- **Data Storage** is the process of saving information in systems for easy access and future use.

- **Data Archive** is the process of saving inactive data for long-term preservation and future reference.
- **CCAR Evaluation Rubric** is a tool that assess a program based on specific criteria, outlining key areas and levels of performance for fair co-curricular program evaluation.
- **TRIO Committee:** Representatives from Academics, Student Affairs and the Office of Institutional Planning and Reporting.
- **Internal Evaluators for Co-Curricular Committee (IECC):** Representatives from each Student Affairs Domain (SESA, SRSS, SEAL, Shiprock Student Affairs, Microsites).

Co-Curricular Assessment Cycle

6) June: Program Improvement

Directors and Supervisors will oversee implementing program improvements based on the committee's evaluation of the co-curricular assessment rubric.

1) June: Define Program Student Learning Outcome(s)

- Create/revise program assessment plan for the upcoming year.
- Complete Section 1-2 of the Co-Curricular Assessment Report

5) May: Improvement Plan

Internal Evaluators for Co-Curricular Committee & TRIO Committee will evaluate the program using a co-curricular assessment rubric.

2) July: Approval of Assessment Plan

- Programs submit assessment report to supervisors, who review and forward to the director for final approval.
- Director submits approved program assessment plan to the Student Affairs Program Analyst and Vice President of Student Affairs.

4) May: Data Reporting Results

Fall and Spring Co-Curricular Assessment Days
Complete Co-Curricular Assessment Report (sections 3-6)

3) August-April: Programming & Data Collection

- Connect with Target Population
- Provide Learning Opportunities
- Collect Quantitative Data and/or Qualitative Data
- Monitor PLSO(s) using a Monthly Report

Annual Program Assessment Report

Appendix G: Co-Curricular Program Review Rubric

Co-Curricular Assessment Reporting Review Rubric

This rubric is designed to evaluate the status of your program's co-curricular assessment efforts, as outlined in the annual co-curricular assessment report. Our goal is for this evaluation to contribute to discussions that drive meaningful program improvement and development.

| | The program: | Yes | Somewhat | No | Comments |
|----|--|-----|----------|----|----------|
| 1. | Developed clear and measurable program student learning outcomes (PSLOs). | | | | |
| 2. | Student Affairs domain mission statement links clearly to the Dine' College mission statement. | | | | |
| 3. | Aligned PSLOs to Program Goals: Dine' College Strategic Goals and Grant Goals (if applicable). | | | | |
| 4. | Data collected represents the targeted population. | | | | |
| 5. | Identified intervention used to assess each PLSO. | | | | |
| 6. | Indicated how PLSOs were measured (graded or rated). | | | | |
| 7. | Identified the cycle of each PSLO data collection and analysis. | | | | |
| 8. | Described the data patterns or findings from assessment data analysis for each PSLO analyzed. | | | | |

| | | | | | |
|----|---|--|--|--|--|
| 9. | Described decisions or actions it will take because of the findings for each PSLO analyzed. | | | | |
| 10 | Shared how it followed up from assessment decisions or actions during the previous assessment reporting cycle. | | | | |
| 11 | Shared what the program learned from the overall data patterns analyzed. | | | | |
| 12 | Explained how the program used assessment insights to enhance student learning by integrating academics and collaborating with the academic programs. | | | | |
| 13 | Explained how the program used assessment insights to collaborate with other co-curricular programs. | | | | |
| 14 | Shared notable program accomplishments. | | | | |
| 15 | Reported a date or timeline of review of PSLOs by program director. | | | | |
| 16 | Identified when and how it makes PSLOs available to students. | | | | |
| 17 | Has developed assessment-related items such as a curriculum map, program handbook, a conflict-resolution policy, direct and/or indirect measures, etc.. | | | | |
| 18 | Made clear connections between assessment efforts and its resource needs. | | | | |
| 19 | Overall, the program appears to have implemented a clear assessment process that is sustainable and meaningful to the program. | | | | |
