

**DINÉ COLLEGE/HIGH SCHOOL  
SUMMER COURSE &  
UNDERGRADUATES**

**AGR408 – FIELD  
EXPERIENCE**

**BEGIN COURSE  
DATE: JUNE 8 TO  
JUNE 11**

**EARN 2 CREDIT  
HOURS**

This program offers high school students the opportunity to acquire essential biological research techniques using a forestry research plot. Participants will conduct vegetation surveys, evaluate forest health, and gain introductory laboratory experience. The program consists of four full days dedicated to applied scientific research methods.
